

Letter from FBI Director Louis Freeh that cites assistance provided by Raoul Ilaw

Federal Bureau of Investigation

Office of the Director

Washington, D.C. 20535

March 10, 1994

Mr. James W. Stanley
Regional Administrator
Department of Labor OSHA Region II
201 Varick Street
New York, New York 10014

Mr. Raoul M. Ilaw, Assistant Regional Administrator

Mr. Angelantino Signorile, Federal Agency Program
Manager

As I am sure you know, these individuals contributed greatly to the safe and successful investigation of this terrorist bombing. They provided the guidance and training required to insure the health and safety of all of our Special Agents and the other Law Enforcement Officers assigned to work in the extremely hazardous environment following the explosion in the basement of the World Trade Center.

Please pass along to these individuals my sincerest appreciation and congratulations on a job well done.

Sincerely yours,

Louis J. Freeh
Director
